

You are in **control**

– how to share your ideas

By using the **Carbon Calculator** you have found some of the changes you can make to help prevent climate change happening. It is now important to be able to share your ideas with other people.

There are many different ways that **people share ideas**. We are going to look at some creative ways of sharing your ideas and messages.

For example, making a:

- **podcast**
- **web page** 
- **poster design** or
- **presentation**

First you need to choose which one of these ways you want to use.

There is **information** to help you make your **choice** and to help you with what you are **creating**.
